

MADHU SHREE V

Computer Science Engineering Graduate

+91 9632684066 — madhushree4066@gmail.com

LinkedIn — GitHub

Professional Summary

Motivated Computer Science Engineering graduate with hands-on experience in Python, SQL, Web Development, and Machine Learning projects. Passionate about building practical software solutions, learning new technologies, and applying problem-solving skills to real-world challenges.

Technical Skills

Programming Languages: Python, SQL

Web Development: HTML, CSS, Basic JavaScript

Tools & Platforms: Git, GitHub, VS Code

Core Skills: Problem Solving, Database Management, Machine Learning Fundamentals

Experience

Data Science Intern

Feb 2026 – May 2026

Prinston Smart Engineers, Bangalore

- Developed a House Price Prediction model using Python and Machine Learning techniques.
- Performed data preprocessing, exploratory data analysis, and feature engineering on housing datasets.
- Applied regression algorithms to estimate property prices.
- Utilized Python libraries for data visualization and model development.
- Collaborated with team members during project implementation and presentations.

Projects

Spam Email Detection — Python, Machine Learning

- Built a machine learning model to classify spam and non-spam emails.
- Applied text preprocessing and classification techniques using Python.

EcoSnap – An Eco Waste Mate — Python, Machine Learning

- Developed an academic project focused on waste classification and environmental awareness.
- Explored image-based waste detection using machine learning concepts.

House Price Prediction — Python, Machine Learning

- Developed a predictive model to estimate house prices using property-related features.
- Performed data cleaning, preprocessing, and regression-based analysis.

Education

Bachelor of Engineering in Computer Science and Engineering

Vijaya Vittala Institute of Technology, Bangalore

2022 – 2026

Certifications

Data Science Internship Certificate – Prinston Smart Engineers (2026)
